

There's a suspension on evictions
Stick to your convictions

If at home we have to stay
Then most of us can't pay

Tell your landlord, sir
That mortgage can defer

And if they start rattling their sabers
Say I need to feed my neighbors

It's time now to demand
One Big Union grand

Neoliberalism is dead
It's time to raise your head

Strike for the guarantee
A home for everybody

Running water, housing, health care
All across this Earth we share

DON'T DON'T DON'T
PAY THE PAY THE PAY THE
RENT RENT RENT

Capitalism has failed
Put the billionaires in jail

We need a new world now
Let me tell you how

With mutual aid
A new world can be made

From the ashes of the old
If we stop doing what we're told

Solidarity
With society

Our lives matter a lot
The landlord's profits do not

We can redefine
What is theirs and ours and mine
