There's a suspension on evictions
Stick to your convictions
If at home we have to stay
Then most of us can't pay

Tell your landlord, sir
That mortgage can defer
And if they start rattling their sabers
Say I need to feed my neighbors

It's time now to demand
One Big Union grand
Neoliberalism is dead
It's time to raise your head

Strike for the guarantee
A home for everybody
Running water, housing, health care
All across this Earth we share

DON'T PAY THE RENT

Capitalism has failed
Put the billionaires in jail
We need a new world now
Let me tell you how

With mutual aid
A new world can be made
From the ashes of the old
If we stop doing what we're told

DON'T PAY THE RENT

Solidarity
With society
Our lives matter a lot
The landlord's profits do not

We can redefine
What is theirs and ours and mine

DON'T PAY THE RENT
